# Canapés

We believe fresh ingredients make finer foods. Our canapés are prepared 'in-house', specifically to your order, which means that the guests at your event will always receive the very finest food.

You can be assured that we never serve pre-packaged or mass-produced canapés.

The high quality of our food is only one element of the service we deliver - we pride ourselves on our high standards, which ensure that your guests are looked after in a friendly and unobtrusive manner. It is this unrivalled attention that we believe marks the difference between our service and that of others.

You can decide the variety and quantity of canapés served to your guests. Your menu can be as basic or elaborate as you wish. If you are unsure of what to serve, or simply short of time, we are always happy to offer advice on creating

your menu. For most events we recommend portions of ten pieces per person, for example, two portions of five canapé items each.

To finish with a real treat, why not add some sweet canapés to your menu - we know your guests will love them.
